

Serve It Right Saskatchewan

Responsible service is smart customer service

Serve It Right Saskatchewan (SIRS) is the official provincial responsible service of alcohol program. It provides consistent training for the sale and service of alcohol, helping commercial and special occasion permit holders to ensure that alcohol-related activities are conducted with integrity and in a socially responsible manner.

Training includes:

- ways to identify intoxication
- handling situations involving minors
- effective approaches to discontinue or refuse to sell or serve alcohol
- understanding your legal responsibilities and liabilities

Once the final exam is also completed and upon successful completion of the course, you will be given a certificate.

Serve It Right Saskatchewan is a six-hour classroom workshop.

On June 22, 2015, the Government of Saskatchewan announced that mandatory server intervention training would be phased in over a three-year period.

- By June 30, 2016, all owners and managers will be required to have completed the training and new hires must take the training within 30 days of beginning employment.
- By June 30, 2017, there must be at least one person on each shift who has completed the training.
- By June 30, 2018, all employees involved in the sale and service of alcohol must have completed SIRS.

Compliance: Liquor permittees may be required to provide proof that they are in compliance with the legislation by producing a list of employees who have completed server intervention training.

Reciprocity: If you hold a valid server intervention training certificate from another province, you may transfer your certification to Saskatchewan. Please contact us for details.

Pre-requisite: There is no pre-requisite for this course.

Exam: There is a 35-question multiple choice exam. Exams are generated randomly from a bank of questions. To pass the exam, a mark of 80% must be achieved.
